

City of Atlanta Lap Swim Policies and Etiquette

For the safety of all pool users, the following rules have been established. All patrons are expected to adhere to the rules and regulations.

- Lap lanes are first come first served.

- Saving or reserving lanes is not permitted unless a rental fee has been assessed.

- Lap swimmers are expected to circle swim at all times.

- When resting on the wall, move to the outside corner to allow other swimmers to pass easily.

- When passing, please be aware of on-coming swimmers. Wait to pass if necessary, to avoid collisions. When-ever possible, wait at the corner of the wall to allow faster swimmers to pass.

- Please modify your stroke to avoid collisions.

Please be courteous and responsive if you are asked to move lanes by a lifeguard.

If you use kickboards or pull buoys, please put them away when exiting the pool.

****Note: Lifeguards will ensure the safety of all patrons and provide direction as needed to prevent injuries or accidents! Please listen to and respect the lifeguards on duty at any pool as it is for your safety! ****
